

ROOF LANTERNS

Benefits of Roof Lanterns

Roof lanterns can transform a space, flooding it with light. The pitch of a lantern also extends the ceiling height which increases the perception of the size of your room.

Having a much lighter space reduces the need to artificial lighting. Lighter, brighter spaces have also been shown to improve mood and productivity.

A roof lantern may also increase the value and saleability of your home.

Energy Efficiency

Roof lanterns are energy efficient with U-values as low as 1.0, helping you save money on your energy bills.

10 Year Guarantee on Lanterns

Eurocell Skypod
